**PETITION TO WITHDRAW HOLDING OF ABANDONMENT
BASED ON FAILURE TO RECEIVE OFFICE ACTION
(MPEP 711.03(c) AND 37 CFR § 1.181(a))**

This is a Petition to Withdraw Holding of Abandonment under 37 CFR §1.181(a).
Applicant requests a withdrawal of the holding of abandonment based on the following:

1. **Office Action Not Received.** The Applicant has not received the September 27, 2006 Office Action from the USPTO.
2. **Search Performed.** A search of the file jacket and docket records was performed by the attorney of record which indicated that this office action was not received. **Harr Declaration; Exhibit A.**
3. **Copy of Docket Record.** A true and correct copy of the docket record is attached hereto.

In light of the foregoing statements and attached exhibits, Applicant and Applicant's representative requests withdrawal of the holding of abandonment based upon failure to receive the Office Action mailed by the USPTO. Based upon information received in another case and from the US Postal Service, an automated system at the US Postal Service may have in error been returning some of our mail as undeliverable even though it should have been deliverable.

The US Postal Service has informed us that they believe this error in their automated system has been corrected. However, no phone calls, e-mails or other information had been received from the USPTO prior to the Abandonment to indicate that is what happened in this case.

Respectfully submitted,

Curtis V. Harr
